

Katrina Hurricane Relief

A mission team is going February 14-19, 2008 to Gulf Side, Mississippi to provide labor, clean up, and new construction for those affected by Hurricane Katrina. Some participants will be driving down in vans/vehicles, others will fly. Costs per participant will be determined on the travel arrangements (we estimate costs per person as @\$250/flying, \$100/driving). A down-payment of 1/2 costs is due by November 4th to register. (Info meeting on September 20th)
